## PAPER MILLS TO USE NEW WOODS

Washington, D. C., Oct. 16.—As the result of studies which have been made at the Forest Products Laboratory on methods of handling wood chips suitable for paper pulp, it is announced that Wisconsin paper companies are now negotiating with the railroads for shipment to their factories of experimental train loads of chips of western woods adapted to paper making.

Previous investigations by the Forest Service have demonstrated that good grades of paper can be made from a number of western woods. The experts now estimate that some of these woods, when cut into chips and dried and baled, can be delivered to the mills in Wisconsin at a very small advance over the cost of chips made from local timber. If a favorable freight rate can be obtained they say the great quantity of pulpwood on the National Forests should prove to be a considerable factor in supplying favorably located paper mills with the necessary raw material. In Wisconsin alone, it is stated, there is an annual market for over 300,000 cords of pulpwood.

# Running Night & Day

Electric Arc Lights Have Been Installed so that my Ginnery can run DAY and NIGHT

WITHOUT INCONVENIENCE. YOUR INSPECTION IS INVITED AND YOU WILL SEE HOW PERFECTLY COTTON CAN BE CLEANED.

S. T. Wommack, Scotland Neck

# EDGECOMBE FAIR

At Tarboro, North Carolina

OCTOBER 31 TO NOVEMBER 1, 2, 3.

SPECIAL RATES

SPECIAL TRAINS

BIG RACES.
